- Parent-Teacher Conferences
- Theater Presentations
- Field Trips
- Multi-Cultural Celebrations

# THE WONDERKEY SCHOOL

A COMMITMENT TO  
EXCELLENCE IN  
EARLY EDUCATION

## Our Mission

The WonderKey School is committed to inspiring young children to find answers to their questions about the world. In a safe and nurturing environment, our goal is to encourage each student's positive self-image by focusing on personal, social and academic growth.

## SCHOOL HISTORY

The WonderKey School, founded in 1973 on the site of Sesame Day Camp, is a private independent school, licensed by the Pennsylvania State Board of Private Academic Schools. We participate in the Pennsylvania Keystone Stars Program and are members of the Pennsylvania Association of Child Care Agencies.

## Curriculum Statement

At the WonderKey School, we know that young children learn best through hands-on discovery in an environment that offers a variety of opportunities for child-directed exploration. The Pennsylvania Early Learning Standards guide us as we plan for developmentally appropriate activities for the children and families that we serve. Our goal is to capitalize on children's interests and strengths. Individual and group experiences are offered in the key learning areas: Learning Through Play, Early Literacy Foundations, Creative Thinking and Expression, Cognitive Thinking and General Knowledge, Scientific Thinking and Technology, Social Studies Thinking and Health, Wellness and Physical Development.

## OUR STAFF

The WonderKey Staff are professionals who are dedicated to bringing positive early learning experiences to the young children in our care. The WonderKey faculty are with us on a year round basis; during the academic year and at our summer camp program at Sesame/Rockwood Camps.

## A note about Keystone Stars...

Your child's Early Education is critical to his/her development and future success in school and life. Keystone STARS sets requirements for early childhood educators to promote the best learning environment in the safest setting possible for your child. Children who attend high quality early learning programs:

- develop an early love of learning
- enter Kindergarten prepared to learn

Enrolling in a Keystone Stars School gives you the assurance that your child is safe and respected, that your child is learning something new every day, and the security of knowing what to expect from your provider in certain situations. Most of all, giving your child the best opportunity to succeed today and in the future.
